## The Inward Eye

This is not a new species of the spider, nor an octopus. It is the back part of the interior of the human eye--the retina, the part upon which rays of light are focused. If the refractive portion of the eye be defective, lenses must be used in order to bring the rays to a focus at this point, and give the eyes good and easy vision. When you need eye aid, let us focus the light of your optical knowledge upon your retina.

## Dr. Shoop's RHEUMATIC CURE

COST NOTHING IF IT FAILS.

Any honest person who suffers from Rheumatism is welcome to this offer. I am a specialist in Rheumatism, and have treated more cases than any other physician. I think. For 16 years I made 2,000 experiments with different drugs, testing all known remedies while searching the world for something better. Nine years ago I found a costly chemical in Germany which, with my previous discoveries, gives me a certain cure. I don't mean that it can turn bony joints into flesh again; but it can cure the disease at any stage, completely and forever. I have done it fully 100,000 times.

I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism, and I will mail you an order on your druggist for six bottles of Dr. Shoop's Rheumatic Cure. Take it for a month at my risk. If it succeeds, the cost is only \$5.50. If it fails, I will pay the druggist myself--and your word shall decide it.

I mean that exactly. If you say the results are not what I claim, I don't expect a penny from you.

I have no samples. Any more sample that can affect chronic Rheumatism must be drugged to the verge of danger. I use no such drugs, and it is folly to take them. You must get the disease out of the blood.

My remedy does that, even in the most difficult, obstinate cases. It has cured the oldest cases that I ever met. And in all my experience--in all my 2,000 tests--I never found another remedy that would cure one chronic case in ten.

Write me and I will send you the order. Try my remedy for a month. As it can't harm you, anyway. It falls in free.

Address Dr. Shoop, Box 331, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.
